INSURANCE

Your duty of disclosure

You have a duty of disclosure under the Insurance Contracts Act 1984.

What you must tell us before you enter into or vary this insurance contract

Before you enter into or vary an insurance contract, you have a duty of disclosure under the Insurance Contracts Act 1984. If we ask you questions that are relevant to our decision to insure you and on what terms, you must tell us anything that you know and that a reasonable person in the circumstances would include in answering the questions.

You have this duty until we agree to insure you.

What you must tell us before you renew this insurance contract

Before you renew this contract of insurance, you have a duty of disclosure under the Insurance Contracts Act 1984. When you renew your policy we may give you a copy of information you have previously told us.

If we provide you with a copy of your information, you must contact us if there has been a change. If there have not been any changes, you must tell us. If you do not contact us, you will be taken to have told us there is no change.

Also, if we ask you questions that are relevant to our decision to insure you and on what terms, you must tell us anything that you know and that a reasonable person in the circumstances would include in answering the questions.

You have this duty until we agree to renew the contract of insurance.

Who needs to tell us and why

It is important that you understand you are answering our questions in this way for yourself and anyone else whom you want to be covered by the policy. We will use the answers in deciding whether to insure you and anyone else to be insured under the policy, and on what terms.

If you do not tell us something

If you do not tell us anything you are required to tell us, we may cancel your contract or reduce the amount we will pay you if you make a claim, or both. If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

If you do not understand

If you do not understand your duty of disclosure, please contact us on **1300 50 50 99**.

Pet history

When taking out pet insurance with National Seniors, you should check with your vet if they are willing to provide your pet's vet history in the event of a claim. This history is a requirement when making an illness or injury claim and may impact whether a claim is paid. If your vet is unable to provide the pet history you should consider if this insurance is right for you.

Cooling off period

When you take out a new policy or renew a current policy with us, we give you a cooling off period of 21 days. The cooling off period starts from:

- the date and time we issue a new policy to you, or
- midnight on your renewal date.

What you need to do

If you want to cancel your policy during the cooling off period, you must tell us you want to do that.

If you cancel your policy during the cooling off period, we refund your premium in full (as long as you haven't made a claim).

Words used in this document

To help you understand some of the words we use in this Product Disclosure Statement, see the definitions on pages 45-47.

What we exclude

Make sure you read what we exclude carefully so you know what your policy doesn't cover. Our aim is to clearly show you what we do and don't cover so there are no surprises when you need to make a claim.

Specific exclusions

The specific exclusions apply to certain parts of your cover for your pet and are shown as crosses (✖) in the section that sets out your cover.

General exclusions

The general things we exclude under your policy are known as general exclusions and are shown on pages 23-26.

What we pay

Illness and injury cover

Under the 'Illness and injury cover' we pay 80% of approved vet costs, less any relevant excess up to the annual limit. The annual limit of \$12,000 is the maximum we will pay for each pet in the period of insurance.

- For example, if your approved vet costs come to \$1000, you can claim 80% on these costs. This equals \$800 less any relevant excess. If, for example, your excess is \$100 we will pay you \$700 and you will still have \$11,300 of your annual limit available for any future claims in the period of insurance.

Extra and optional benefits

Under the extra benefit 'Emergency boarding costs' and the optional benefit 'Tender Loving Care', we pay 100% of approved vet or other costs up to the applicable annual limit. You don't need to pay any excess under these benefits.

- For example, under the benefit 'Tender Loving Care' you can claim your pet's council registration or microchipping. The annual limit of \$100 is the most you can claim in any period of insurance under this optional benefit.

Under the extra benefit 'Euthanasia costs' we pay 80% of approved vet costs to euthanise your pet, less any relevant excess. We pay this benefit as part of your 'Illness and injury cover' annual limit of \$12,000.

What we pay for your claim is based on the following:

- whether your policy covers your pet's illness or injury or the treatment it receives
- whether the vet or other costs were required and reasonable as assessed by us
- the annual limit that applies to the vet or other costs you are claiming for
- whether any excess applies to your claim and how much your excess is
- other limits, specific exclusions or general exclusions that apply to your cover.

See pages 31-33 for more details about what we pay including how we settle your claim.

Limits

The annual limit is the maximum amount we pay for each pet under various parts of your cover during the period of insurance for all claims you make.

See pages 17-21 for the limits that apply to the various parts of your cover.

Policy conditions

Contract between you and us

Your insurance policy is a legal contract between you, the policyholder, and us, RACQ Insurance the insurer. We agree to give you the cover set out in your policy for the premium you pay us.

More than one policyholder

If more than one person is named as the policyholder on your Certificate of Insurance, then each person is responsible for:

- the completeness and accuracy of information in any application forms, statements, claims or documents that are provided by any one of the policyholder to us
- complying with the policy conditions.

Authorisation

If more than one person is named as a policyholder on your Certificate of Insurance, then any one policyholder will be taken to be authorised by all policyholders to transact on the policy (including to change or cancel your policy).

Your premium

Your premium is the amount you pay us for the cover we provide under your policy. The Certificate of Insurance shows your premium amount and whether you are paying annually or by instalments (monthly or fortnightly).

Amounts shown

All policy limits and amounts shown in this Product Disclosure Statement include any compulsory government statutory charges, levies, duties, Goods and Services Tax (GST) and other taxes that may apply.

In some parts of this Product Disclosure Statement, we give examples to explain how your policy works. In those examples, the \$ amounts we show include any government statutory charges, levies, duties and GST. If we pay a claim similar to one of our examples, then we will reduce the actual amount we pay for that claim by the amount of any Input Tax Credits (ITCs) that the policyholder is entitled to claim – see page 32.

When your policy starts

When you pay the annual premium or first instalment, then your policy starts on and from the time and date shown on your Certificate of Insurance.

If you renew your current policy, then your policy for the new period of insurance starts at midnight on the day the previous period of insurance ended.

General policy conditions

General conditions apply to your policy – see pages 39-41. It's important for you to know about those conditions. If you don't comply with any policy condition or term of your policy, it may affect whether we pay your claim or how much we pay for your claim if we decide to pay it.

Special policy conditions

We may agree to waive a pre-existing condition that your pet had:

- before you applied for cover, or
- during any applicable waiting period.

If we agree to do that, we will set out any special policy conditions in your Certificate of Insurance. For more details about asking us to review a pre-existing condition for your pet, see page 15.

Documents that make up your policy

Your policy includes the following 3 key documents. Those documents show the conditions that apply to your policy. Please read the documents carefully and keep them in a safe place.

Certificate of Insurance

Your Certificate of Insurance shows the type of policy you have with us and also shows these specific details that apply to your policy:

- pet details
- policyholders' address
- period of insurance
- any optional benefit you've chosen
- the annual limits that apply to your policy
- any special policy conditions that apply to your policy
- any excess that applies to your policy, and
- the premium you need to pay.

We give you a Certificate of Insurance when you take out a new policy, renew a current policy or make a change to your policy. When you receive your Certificate of Insurance, you should check the details to make sure they are correct.

Product Disclosure Statement

This document is the Product Disclosure Statement. It sets out the policy conditions that apply to your policy including what we do and don't cover, the exclusions that apply under your policy and what we pay when you make a claim.

We give you this Product Disclosure Statement with your Certificate of Insurance when you take out a new policy with us. You can download a current copy of our Product Disclosure Statement from nationalseniorsinsurance.com.au/pet-insurance.

Supplementary Product Disclosure Statement

If we need to make a change to the Product Disclosure Statement conditions, we may issue a Supplementary Product Disclosure Statement which sets out the change.

We give you a Supplementary Product Disclosure Statement if we make a change to the Product Disclosure Statement.

2. Your pet

What we cover as your pet

We cover the pet that is shown on your Certificate of Insurance.

- ✓ Cats.
- ✓ Dogs.

We do not cover any other type of pets. For example, your horse.

Your pet must have been over 8 weeks old when your first policy started.

For us to cover your pet for an illness and injury, it must be under 9 years old when your first policy started.

Caring for your pet

You must take good care of your pet by taking steps to prevent it from getting ill or injured.

That includes:

- giving your pet treatments to prevent fleas, heartworm and worms
- regularly washing your pet
- giving your pet food and fresh water every day
- regularly exercising your pet.

If you don't care for your pet as set out in this section, then we may not cover your pet or may refuse or reduce what we pay for a claim. For more details, see the general exclusion 'Not caring for your pet' on page 25.

Waiving a pre-existing condition exclusion

We don't cover your pet for a pre-existing condition it had before your first policy started, or during any applicable waiting period for that pet. However, you may ask us to waive a pre-existing condition for your pet as long as your pet has been free of that condition for the last 18 months.

To do that:

- your vet needs to certify and provide (at your expense) records confirming that your pet has been free of clinical signs, symptoms or recurrence of the pre-existing condition (or any related condition) for at least 18 months, and
- you need to complete a 'Pre-Existing Condition Waiver Form'.

You can get a copy of that form by:

- visiting nationalseniorsinsurance.com.au/pet-insurance
- calling National Seniors on **1300 50 50 99**.

It's up to us whether we decide to waive all or part of the pre-existing condition exclusion.

If we agree to waive the pre-existing condition exclusion, then we will send you written confirmation agreeing to cover your pet for that condition under your policy and an updated Certificate of Insurance.

What is a pre-existing condition?

Any illness or injury or any symptoms or signs of an illness or injury that your pet suffered or had in any form before your first policy started or during any applicable waiting period whether or not a vet has diagnosed or treated it. For more details see the definition on page 46.

This page has been intentionally left blank.

5. What we pay

Making a claim

How to make a claim

If something happens that affects your pet:

- call National Seniors on **1800 31 94 97**, or
- visit **nationalseniorsinsurance.com.au/claims**

When you make a claim, we'll tell you what you need to do to help us process your claim.

Claim checklist

Please ensure you have:

- Itemised invoices and receipts
- Clinical notes from all treating vets
- Full veterinary history (if this is your first claim)

Your responsibilities

What you must do

| | | |
|---|---|--|
| 1 | Contact National Seniors Insurance | Provide the claim details to lodge your claim. |
| 2 | Provide a full treatment history for your pet | <p>If it's your first claim, you need to provide a full treatment history for your pet from the attending vet and any previous vets.</p> <p>You don't need this report if you are making a claim under the optional benefit 'Tender Loving Care'.</p> <p>We don't cover any costs a vet may charge to provide information to support your claim.</p> |
| 3 | Provide original invoices and receipts | You need to provide the original itemised invoices and receipts with your claim form. Keep a copy for your records. |
| 4 | Tell us if another policy covers your pet | You must immediately tell us if there is another insurance policy that may cover your pet. |

What you must not do

If you are making a claim you must not:

- give us false or misleading information – if you or any other person makes a false or fraudulent claim under your policy, we can refuse to pay your claim and may also cancel your policy as allowed by law
- admit liability to anyone.

Our rights

What we may do

- We may contact your current or previous vet to:
 - discuss any details about your claim
 - ask for any information and/or records about your pet.
- We may decline a claim if you or your vet refuse or are unable to give us any information we need to process your claim.

Things you should know

What can affect your claim

- You don't give us all of the information we need to process your claim.
- You or your vet don't cooperate with us and refuse or are unable to give us any information we need to process your claim.
- You don't provide the original itemised invoices and receipts for the treatment received by your pet.
- You don't comply with any condition of your policy or Certificate of Insurance.

What we pay and how we settle your claim

What we pay

Illness and injury cover

Under the 'Illness and injury cover' we pay 80% of approved vet costs, less any relevant excess up to the annual limit. The annual limit of \$12,000 is the maximum we will pay for each pet in the period of insurance.

- For example, if your approved vet costs come to \$1000, you can claim 80% on these costs. This equals \$800 less any relevant excess. If, for example, your excess is \$100 we will pay you \$700 and you will still have \$11,300 of your annual limit available for any future claims in the period of insurance.

Extra and optional benefits

Under the extra benefit 'Emergency boarding costs' and the optional benefit 'Tender Loving Care', we pay 100% of approved vet or other costs up to the applicable annual limit. You don't need to pay any excess under these benefits.

- For example, under the benefit 'Tender Loving Care' you can claim your pet's council registration or microchipping. The annual limit of \$100 is the most you can claim in any period of insurance under this optional benefit.

Under the extra benefit 'Euthanasia costs' we pay 80% of approved vet costs to euthanise your pet, less any relevant excess. We pay this benefit as part of your 'Illness and injury cover' annual limit of \$12,000.

What we pay for your claim is based on the following:

- whether your policy covers your pet's illness or injury or the treatment it receives
- whether the vet or other costs were required and reasonable as assessed by us
- the annual limit that applies to the vet or other costs you are claiming for
- whether any excess applies to your claim and how much your excess is
- other limits, specific exclusions or general exclusions that apply to your cover.

We pay up to the annual limit

The annual limit is the maximum amount we pay for each pet under various parts of your cover during the period of insurance for all claims you make. These amounts are shown under each part of your cover in this Product Disclosure Statement and on your Certificate of Insurance. So if we pay you the annual limit for a specific part of your cover, then we won't reimburse any more costs under that part of your cover for the remaining period of insurance. See pages 17-21 for the limits that apply to the various parts of your cover.

Settling your claim

- We will settle your claim directly with you – we won't deal with or pay the vet or other service provider.
- We will send you a letter which sets out how we settled your claim.
- We may reduce the amount we pay you if we consider the vet costs you are claiming were unnecessary or unreasonable – see page 33.
- If we pay you the annual limit that applies to a specific part of your cover, then we won't reimburse any more costs for that part of your cover during the remaining period of insurance. For example, if we have already reimbursed you \$12,000 for claims you made under the 'Illness and injury cover', then we won't pay you any more costs under that cover.
- When we settle your claim, we may deduct any amount you owe us.
- If you or any other person makes a false or fraudulent claim under your policy, we can refuse to pay your claim and may also cancel your policy as allowed by law.
- If we pay you contrary to the policy conditions, that doesn't mean we are waiving our rights to apply your policy conditions to any paid claims or future claims for that illness or injury or any related illness or injury.
- We also pay any extra benefits and optional benefit that apply to your claim.
- We deduct any relevant excess from any amount we pay you.

Dealing with claims against others

If something happens that causes illness or injury to your pet, we may:

- take over the matter, commence or defend proceedings or settle any claim in your name – we decide how to commence, defend or settle the claim, and
- represent you in court proceedings about any event covered by your policy.

If you're registered or required to be registered for GST

If you're registered for GST or required to be registered for GST, then before you lodge your claim you must tell us your Australian Business Number (ABN) and the percentage of Input Tax Credits (ITCs) you are entitled to claim on your premium for the period of insurance during which the incident happened.

You must also tell us whether you would be entitled to claim ITCs and if so what percentage of ITCs you would be able to claim. We will reduce any payment we make to you for your claim by the amount of ITCs you would be entitled to.

Excess

Your Certificate of Insurance shows any excess that applies to your policy. If you make a claim, we tell you:

- how much your excess is, and
- when and how to pay that excess.

In some cases, we may deduct the excess from the amount we pay you.

Basic excess

Your basic excess is the amount you pay towards your claim. It may only apply to certain claims and situations. You don't need to pay an excess when you make a claim under these benefits:

- the extra benefit 'Emergency boarding Costs'
- the optional benefit 'Tender Loving Care'.

If you make more than one claim for the same illness or injury during the period of insurance, then your excess only applies to your first claim. You can reduce your premium if you choose a higher excess amount. Contact us if you want to do that.

Claims that are less than your excess

We won't proceed with or pay your claim if the claim amount (as assessed by us) is less than the excess you need to pay.

For example, if you make a claim for vet costs of \$150 and your excess is \$200, then we won't proceed with your claim, as the excess is higher than the vet costs.

Unreasonable vet costs

We may reduce the amount we pay you if we consider the vet costs you are claiming were:

- for a treatment that was unnecessary
- unreasonable, excessive or higher than the fees normally charged by a general or referral vet practice for the same treatment.

We may get a second opinion from any vet we choose to help us decide whether the treatment and fees charged were required and reasonable. We may then decide to pay your claim based on the cost of the treatment that we believe was necessary or reasonable.

6. What you pay

Your premium

Your premium is the amount you pay for the cover we give you under your policy. It includes any compulsory government statutory charges, levies, duties, GST or other taxes that may apply.

How we calculate your premium

We use a range of factors to calculate your premium. Table 2 shows some of the key factors that affect your premium.

When you change or renew your policy, we review your premium and increase or decrease it in line with any relevant changes.

Table 2: Premium factors

| Table 2: Premium factors | |
|--------------------------|--|
| Key factor | |
| Age | The age of your pet may affect your premium. |
| Breed | Certain cat or dog breeds may be prone to genetic health problems. |
| Excess amount | The amount of excess you choose affects your premium. |
| Optional benefit | You need to pay extra for the optional benefit. |
| Other factors | Our claims experience and events that impact the whole insurance industry. |
| Species | Cat or dog. |

Premium discounts

You may be entitled to a premium discount. These will be printed on your Certificate of Insurance. We don't apply any premium discounts we give you to any compulsory government statutory charges, levies, duties, GST or other taxes that are included in your premium.

Visit nationalseniorsinsurance.com.au/pet-insurance for the details of discount rates.

Payment by Direct Debit

If you want to pay your annual premium by direct debit, you can ask us to automatically deduct payments from your account or credit card with a bank, credit union or building society.

When we deduct your payments

Once you give us your account or credit card details we will deduct your payments in line with what is shown on your Certificate of Insurance.

Depending on your payment date, we may deduct 2 payments in a month. For example, if your payment date is the 31st of each month, then we'll deduct your November instalment on 1 December (as November only has 30 days) and deduct your December instalment on 31 December.

If your payment date falls on a non-business day in Sydney or Melbourne (e.g. a weekend or public holiday), then your financial institution won't process the payment request until the next business day. If you're not sure when the debit will be processed, you should contact your financial institution.

Policy renewal

Before your policy expires, we send you a renewal Certificate of Insurance so you can check the details that will apply for the new period of insurance.

If you don't want to make a change to your policy we will continue to direct debit you payments during the next period of insurance.

If you want to make a change to your policy, please contact us.

Cancelling or deferring payments

You may ask us to cancel your direct debit authority or to defer an individual payment by:

- calling National Seniors on **1300 50 50 99**, or
- writing to National Seniors at:

National Seniors Insurance
GPO Box 1450,
Brisbane QLD 4001

So we can process your request on time, we must receive it at least 14 days before your next payment date.

How to apply for direct debit options

If you would like to pay your premium by instalments that are automatically deducted from your account, call National Seniors on 1300 50 50 99.

Conditions for Direct Debit payments

The following terms and conditions apply when you choose to pay your premium through the direct debit option:

- If your premium changes when we offer to renew your policy, then we may increase or decrease your payment amount in line with your new premium. You may need to make an additional payment.
- When you pay the first instalment, your insurance cover starts on and from the time and date shown on your Certificate of Insurance.
- We continue to deduct payments from your account until you tell us to cancel, stop or change that arrangement.
- If your financial institution rejects a payment request, we will either try to debit the payment from your account again or contact you to arrange another way to pay it.
- We may cancel the direct debit arrangement if your financial institution rejects multiple payments from a bank account or credit card.
- If your bank account details change, you need to tell us at least 5 business days before your next payment date.
- If your credit card details change or your credit card is renewed, you must tell us at least 5 business days before your next payment date.
- If a direct debit is overdue for 14 days, we may refuse to pay a claim.
- If a direct debit is overdue for one month, we automatically cancel your policy.

You must do the following:

- Comply with all the policy conditions set out in your Product Disclosure Statement, Supplementary Product Disclosure Statement and Certificate of Insurance.
- Immediately comply with requirements of public authorities.
- Co-operate with us which includes giving us any information, written statements, evidence and help we may need to defend, prosecute and investigate a claim. This may include:
 - asserting rights against any person nominated by us
 - attending interviews with our assessors/investigators
 - assisting any agents we appoint (e.g. solicitors), or

Premium conditions

Paying your premium

Your premium is the amount you pay to get the insurance cover. Your Certificate of Insurance shows your premium amount and whether you are paying annually in advance or by instalments.

If you are paying:

- annually, then you must pay by the due date
- by instalments, then you must make sure that each instalment is paid by the due date.

If you don't pay your premium

If you are paying your premium annually in advance and don't pay your premium by the due date shown on the Certificate of Insurance, then your policy won't be valid and you won't be covered. In that case, you need to reapply for cover.

If you are paying your premium by instalments and any instalment payment is overdue for at least 14 days, we may refuse to pay a claim.

If after the first instalment is paid, any following instalment is overdue by at least one month, then we will cancel your policy from the date that instalment was due.

If we cancel your policy, we will send a letter to your last known address which tells you why and when we cancelled your policy.

Change to premium in our renewal offer

If you make a change after we send you an offer to renew your policy but before the renewal date, then we may need to increase the premium in our renewal offer.

Changes to your policy

Changes that you ask for

You may ask us to make a change to your policy. The change only takes place when we confirm the change in writing to you or show it on a new Certificate of Insurance.

Waiver

A policy condition is only waived if we give you the waiver in writing.

Cancelling your policy

Cancellation by you

You may cancel your policy during the cooling off period (see page 3). If you want to cancel your policy (or cancel the cover under your policy for a pet shown on your Certificate of Insurance) after the cooling off period, you need to call us or tell us in writing. We'll cancel your policy on the date we receive your request.

If you cancel your policy for any reason (except if your pet dies) after we have paid a claim, we will not refund any premium you have already paid us and you must pay any premium to cover the remaining period of insurance. If you pay your premium in instalments, then you are required to pay us the instalments for the remaining period of insurance.

We may also deduct any outstanding premium you owe us from any claim payment we still need to pay you or debit any outstanding premium from your nominated bank account or credit card. This applies even after your policy is cancelled.

If you cancel your policy and we have not paid a claim, we'll refund the portion of your annual premium which covers the remaining period of insurance. If you pay your premium in instalments, then you are not entitled to a refund.

Cancellation by us

We may cancel your policy at any time as allowed by law after giving you notice in writing. When we cancel your policy, we'll refund the portion of your annual premium which covers the remaining period of insurance.

Receiving your documents and notices

If you agree, we may send you your policy documents and notices electronically. We will continue to provide these documents and notices electronically until you tell us otherwise. Each electronic communication will be deemed to be received by you at the time it leaves our information system. You are responsible for making sure your email address is up to date. Please contact National Seniors if you need to update your email address.

If you don't comply with the terms of your policy

Breach of your policy

If you fail to comply with any term of your policy, this may affect whether we pay your claim, or, if we decided to pay your claim, how much we pay for your claim.

Avoidance

We may be entitled to avoid your policy from when it started if on your part there is:

- fraud
- misrepresentation when you apply for insurance or renew your policy
- non-disclosure of information.

What we may do if you breach your duty of disclosure

If you or any person covered by your policy does not tell us everything that is relevant or misleads us before entering into a contract of insurance with us, and each time you vary or renew your policy, we may:

- refuse to pay a claim or reduce the amount we pay
- cancel your policy, or
- if fraud is involved, treat your policy as if it never existed.
